DETAILED ACTION

Allowable Subject Matter

1. Claims 10-17, 20-24, and 28-32, now renumbered by the examiner as claims 1-18 are allowed.
2. The following is a statement of reasons for the indication of allowable subject matter:

The primary reason for the indication of the allowability of claims 1-18 is the inclusion therein, in combination as currently claimed, of the limitation that of the heat sink contact formed through the dielectric layer and contacting the top surface of the base region; and the limitation that of the specific configurations of the base and emitter contacts, along with the other limitations in those claims. These limitations neither disclosed nor thought by the prior art of record, alone or in combination.
